To whomever it may concern,

On January 4, 2019, we received a California Public Records Act Request for the following information from our office for the periods of January 1, 2015 to the date of this letter.

You requested the number of Predictive Algorithmic software packages or service agreements designed to anticipate criminal activities in place with this agency. You also ask that we specify if software has been purchased or if services are performed by outside contractors for our agency.

Any documents or correspondence during the period encompassing this request regarding possible or planned acquisition of Predictive Algorithmic software packages or service agreements.

Any existing or proposed usage policies regarding the use of Predictive Algorithmic software packages or service agreements, including protocols, training documents, data storage procedures and prohibited activities.

Any current or past litigation involving or referencing our department involving the use of Predictive Algorithmic software packages or service contractors.

Your request is currently being reviewed for processing, at this time we are experiencing a much higher number of requests and we ask for your patience until we can provide you with answers.

Should you have further questions, please contact the numbers provided below.

*Dedicated to Protect & Serve*
